Vision, mission & values 05

Consulting collaboration 07

Clarity before capital.

EdgeSpark Estate is the real estate investment vehicle operated by Evarestus Company Ltd. We source, assess and structure property opportunities with a bias toward verified information, transparent assumptions and execution that can be followed step by step.

Our work brings together property acquisition, joint-venture participation, market research and investor-ready analysis. The goal is simple: help people make better property decisions and build durable value from real assets.

Clear operating
principle: verify first

Two founders. One operating standard.

EdgeSpark is led by a focused founding team combining on-the-ground sourcing with disciplined financial and investor oversight.

FOUNDER · MANAGING DIRECTOR

**Evarestus Chinecherem
Ugwuokanya**

Leads deal sourcing, property acquisition and on-the-ground operations, bringing disciplined diligence to each opportunity.

CO-FOUNDER

Benjamin Chisom Ikwuagwu

Drives financial analysis, investor relations and deal structuring so every opportunity is evaluated with clarity.

Built for trust in a complex market.

Our vision

To become a trusted reference point for transparent, well-researched real estate opportunities in Nigeria and beyond.

Our mission

To make property investing more understandable, more verifiable and more connected to real-world execution.

Our values

Verification, accountability, communication and long-term client care guide every mandate and partnership.

Our working promise

We do not treat a property as a story alone. We look for the title, the numbers, the local context, the practical route to exit and the people responsible for delivery.

“Verification always comes before capital.”

EdgeSpark operating principle

From first look to finished deal.

Our service suite is designed to support investors, owners and partners at the points where property decisions need the most clarity.

Property sourcing

Targeted acquisition search across residential, land and investment opportunities.

Due diligence & verification

Structured checks on title, location, comparables, costs and delivery assumptions.

Joint-venture opportunities

Deal-by-deal participation with written terms, transparent costs and agreed responsibilities.

Investor analysis

Clear deal models, return scenarios and risk notes to support informed decisions.

Property advisory

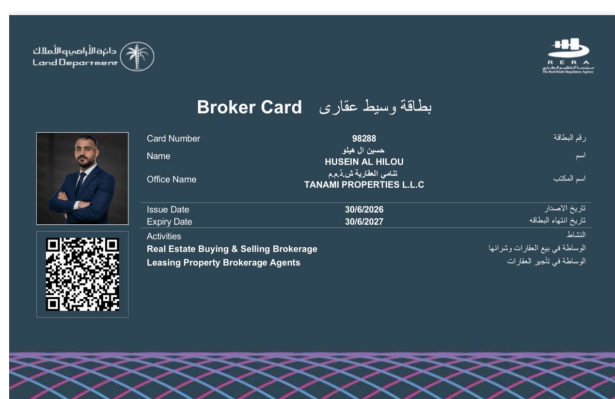

Practical guidance for owners and buyers navigating pricing, negotiation and exit planning.

Renovation & resale coordination

Execution support that connects acquisition, value improvement and market-ready presentation.

Regional relationships with verified credentials.

EdgeSpark Estate acknowledges the collaboration of a property consultant working with us on United Emirates housing and properties initiatives. The credential below is shown as supplied for professional reference.
